

Deciding On Purpose

1. Decide On Purpose and choose to let my purpose decide for me.
 - I need only be willing to let my purpose decide for me.
2. Remember all my grievances and complaints are the ego mind's case against the power to live On Purpose Now.
 - There is no such thing as “Freedom from”. That is a separation idea... True Freedom is “Freedom WITH”, what is as it is.
3. Rest my case against living On Purpose Now.
 - I will be told all I need to know.
4. Listen and hear the Voice of Purpose.
 - My chosen Purpose will direct me to wherever I can be truly helpful and to who can see, value and benefit from giving my Gift, living On Purpose and building the Vision I have of a better self and world.
5. Be patient - make the next move, persevere with indifference, decide -- and run the next play (in life) On Purpose.
6. Decide On Purpose and choose again to let my purpose decide for me..
